RESIDENTIAL REVIEW

Sign
Language
Week 17-23 March

For Sign Language week our BSL Manager, Natalie, invited Umesh Valjee MBE (England Deaf's all-time leading run scorer) in to talk to the school and college's residential students. What an amazing evening we all had. Natalie and Umesh both talked about their experiences of growing up and thriving as Deaf people. Later Umesh joined us in a conversation about sign language variations across the UK and had dinner with us.

A TRIP TO BRIDLINGTON

Another sunny day was taken advantage of with a trip to the sea side. The students had a great time.

The students entered the stocks of their own free will.

There was also a roller-skating activity in the week.

SPRING WORK

Luke and Lily-Rose chose to plant some herbs and peppers, which they really enjoyed.

MEET THE TEAM

Alison has worked for the Deaf trust for 22 years. She worked in the cleaning team for four years before moving to residence. She loves spending time with her two daughters, going out for nice food and watching horror films. She's also keen to pass the next level in BSL. Alison says she already has her dream job; she loves working here, watching the students become more confident and independent, and just loves spending time with the students.

ALSO THIS WEEK

Here are staff and students involved in a very intense game of memory !
