

>>> WHAT'S BEEN HAPPENING ?

RESIDENTIAL REVIEW

PAINTING CONTINUES

Karl is one of our shift leaders. He's been an employee of the Trust for over 20 years. He works tirelessly for Darley Lodge, and enjoys painting and doing odd jobs for the wellbeing and comfort of the students.

The paint was donated to Darley Lodge by various, generous, paint suppliers.

CONVERSATIONS

Student meetings are a chance for students to voice their views. They can express them at the meeting or place comments anonymously in a box, or on a form, prior to the meeting.

IT'S CHRISTMAS !

Our residents enjoy helping with the Christmas decorations every year. It's very important to us that they have an input into their home environment.

ACTIVITY

Students went bowling last week. Well done to SA for winning!

The aim of activities is not just for enjoyment but also for socialisation and developing friendships.

'CHILL OUT ROOM'

We have some quieter areas in Darley Lodge if the students want to get away from the communal lounge.

LEARNING

Our students learn independence from a set of modules. Our latest one is to learn the uses of an air-fryer.
